

# Term 4 Newsletter – Lynx Class

## Maths and English

In Maths Lynx have been reinforcing their base skills in multiplication and addition, and learning about decimal numbers. Some pupils have also been comparing decimal numbers and fractions. We were active readers during reading week, and really enjoyed the book café! Our book in English has been The Snow Leopard, and we've been practicing our descriptive writing.

## WOW

In WOW, Lynx Class have focused on e-safety and how to look after ourselves online, exploring how different religions use different forms and styles of Art and exploring the idea of dreams, goals and target setting so we can achieve what we set out to do.

## PE

We have been developing our basketball skills this term, working with coaches from Bristol Bears on a variety of skills. We have also been accessing community facilities by doing gymnastics at the City of Bristol Gymnastics centre.

## Science

Our Science this term has covered electricity and circuits. We have explored making switches, understanding voltage and begun to look at different types of circuit and how different circuits can be used for different purposes.

## Dates for the diary
