Term 4 M1

Learning

This term we have been learning all about Kingdoms of Africa. In History we have explored the history of Ancient Kingdoms such as Mali and Benin. In English we have read a range of poetry tackling themes of diversity and stereotypes and have created our own. In Maths we have focused on fractions, weight and measure. In Science we have been learning about

Adaptation and Inheritance including lots of interesting things about DNA. In our P.E sessions we have been practising badminton skills and using the air track. In WoW we have thought about places of worship, our identities, internet safety and relationships.

Attendance/ Dojo

We have been really impressed with the progress everyone has been making.

Well done to everyone for top attendance!

Be Healthy

We have been able to go on some fantastic trips this term. We loved visiting an Alpaca farm and had an amazing tree top adventure, we had the opportunity to help on a allotment which students enjoyed and are hoping this will continue next term.

Enjoying cutting down shrubs and building flower beds.

Key Dates:

15th April — First Day back
24th May—Last Day of Term 5
Trips to be confirmed

Staff: Dannii and Toby

All equal, all different, all achieving together
