

Celebrations

We had a great trip to the farm during Term 1. All pupils engaged well off site and we look forward to future trips!

All pupils had a great start to Term 1. Friendships have been developed, learning has been achieved and progress is being made. Keep up the hard work!

We've all enjoyed getting to speak to new and returning parents. Please continue to give us a call or message us through Arbour if you need anything!

Our Learning...

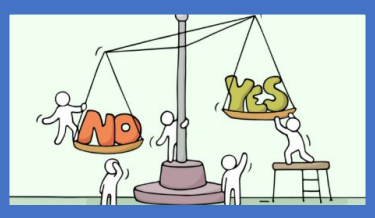

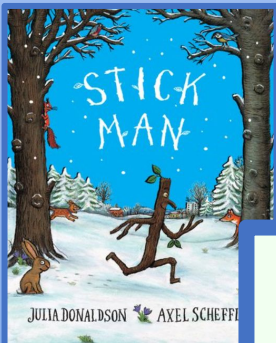

Our Topic this term is 'Our Local area'. We are taking part in the Zero carbon schools initiative through the green school project. This is to support making school more sustainable and developing our understanding of climate change. In English this term, pupils are learning to write and debate using balanced argument skills. They are also reading *Stick Man* and local myths, that are set around Bristol. They will continue to work on full stops, capital letters, phonics, fronted adverbials and conjunctions.

Pastoral

The pupils have been working hard to earn their dojo points. We have also been celebrating learning and engagement in our assemblies!

Children in need is this week and there will be a cake sale and non-uniform day. More details to follow through texts/dojo!

Reminders

- Lynx are swimming on a Monday so please remember swimming kit
- Tiger are swimming on Friday so please remember swimming kit
- As the weather gets colder, please remember coats, hats, gloves and scarves
